MEMORANDUM FOR THE RECORD

SUBJECT: Operational Summary, Project AEBATH

1. Introduction: Project AEBATH will be terminated on 31 March 1958 and the principal agent under the project, AECAPELIN-1 will be transferred from Munich to Paris. In view of the fact that this Agency has been in operational contact with AECAPELIN-1 since 1946, a period of over 12 years, a mass of files have accumulated both on the principal agent and on the operational aspects of the Project AEBATH. In order to aid the new headquarters case officer in assimilating this vast mass of material the undersigned has prepared an operational summary of Project AEBATH. This summary is broken down into the following categories:

- a) Summary of KUBARK-AECAPELIN-1 Relationship.
- b) AECAPELIN-1's Political Background.
- c) AECAPELIN-1's Marital Status.
- d) Status of AECAPELIN-1's Headquarter's Escrow Account.
- e) List of Field and Headquarters Case Officers.
- f) Security Considerations.
- g) List of Headquarters Files on Project AEBATH.

In spite of the fact that this operational summary is fairly lengthy it should not be substituted for a thorough study of AECAPELIN-1's voluminous 201-file and those Project AEBATH files which deal with Development and Plans, and Support. This study is by no means complete but merely attempts to point out the highlights of the operation, and those aspects of the operation which need clarification prior to transfer of the project.

2. Chronological Summary of KUBARK-AECAPELIN-1 Relationship: The initial contact of AECAPELIN-1 appear to be shrouded in a great deal of mystery and no record has ever been made of this event. It appears that he was contacted in August 1956 in Salzburg, Austria by an alleged CIC agent, called "Uncle Tom", who was in fact a KUBARK case officer. Several months later he was turned over to a "Dr. Novak" ostensibly of CIC Salzburg. From 1947 to April 1949 AECAPELIN-1 worked under a rather loose arrangement in Salzburg and later in Munich. From April 1949 until April 1950 he was officially dropped as an agent but informal contact was maintained by Munich case officers. From April 1950 until July 1952

he had agent status in Munich without MOA or Project. He was first put under project on 3 August 1952 under Project AEBATH, which has been successively renewed until 31 March 1959.

August 1956 - ACAPELIN-1 contacted in Salzburg, Austria - He was considered part of Project AEBELADONNA primarily as a casual informant on Ukrainian emigre activities and personalities in Salzburg.

17 May 1947 - ACAPELIN-1 became an agent of SC, Munich with assignment of reporting information on the KIS which was in possession of OUN/SB members and general information on Ukrainian affairs.

8 Sept 1947 - Initial Field Project Outline submitted by Munich. This was never approved by headquarters.

13 Nov 1947 - Headquarters refused to give ACAPELIN-1 project status until he could prove that he was capable of supplying worthwhile information. ACAPELIN-1 continued working as informant in Munich, without MOA.

25 June 1948 - Second Field Project Outline submitted by Munich.

3 Sept 1948 - Headquarters tentatively approves Project ACAPELIN pending ACAPELIN-1's future production.

April 1949 - Project ACAPELIN discontinued due to lack of production. ACAPELIN-1 was officially dropped as a Munich agent but informal operational contact was maintained with SUBJECT thru occasional meetings.

Sept 1949 - ACAPELIN-1 recruited by UPSWING primarily to provide CI type information.

April 1950 - Headquarters concurred in more formal use of ACAPELIN-1 as an informant on the AECASSOWARIES and the AECAVATINAS and also information on the Ukrainian emigration in general but without formal project status.

16 July 1950 - ACAPELIN-1's employment with UPSWING discovered. He was granted permission to continue providing UPSWING with reports provided he informed us of their EEI's and provided us with copies of reports submitted to UPSWING.

Jan 1951 - ACAPELIN-1 put on agent status in Munich on regular salary which was charged to Project AERODYNAMIC. His activities were primarily concerned in providing background information on Ukrainian emigration in support of Project AERODYNAMIC.

- Dec 1951 - Munich case officer instructed AECAPELIN-1 to sever ties with UPSWING which was in line with AECAPELIN-1's desires. Despite AECAPELIN-1's pleas of heavy pressure of church duties and possibility he might emigrate, the new UPSWING case officer pressed for maintenance of at least occasional contact. To relieve an awkward situation and forestall UPSWING speculation and suspicion AECAPELIN-1 was instructed to write and transmit occasional reports after clearing with the Munich case officer.
- Jan 1952 - At the instruction of Munich case officer AECAPELIN-1 accepted a proposition to work in an alleged Yugoslav intelligence network through AECANDIOT.
- 14 Mar 1952 - New Field Project Outline submitted by Munich.
- 21 Mar 1952 - Provisional Operational Clearance granted. C-2315.
- 7 June 1952 - First LCFLUTTER administered to AECAPELIN-1.
- 8 July 1952 - Operational Approval granted. C-3122.
- 29 July 1952 - AECAPELIN-1 and his wife granted right of entry into the United States under Section 8, Public Law 110.
- 4 Aug 1952 - Project for AECAPELIN-1 approved under cryptonym Project AKBATH for period 3 August 1952 to 31 July 1953. Subject to work as CE informant and general informant on Ukrainian emigration.
- April 1953 - AECAPELIN-1 instructed to continue UPSWING contact but to obtain prior Munich case officer approval of all material passed.
- 3 Nov 1953 - Project AKBATH Renewed for period 1 August 1953 to 31 July 1954. AECAPELIN-2, a Ukrainian emigre in Munich, included as translator and informant.
- Early June 1954 - AECAPELIN's legal wife writes a letter to Munich emigres stating that she is coming from East Germany to Munich. Since AECAPELIN-1 was allegedly married to Irene Bihus at this time, explanations were in order. (See section on AECAPELIN-1's marital status.)
- 6 July 1954 - AECAPELIN's legal wife arrived in Munich.
- 7 July 1954 - AECAPELIN-1 met his legal wife.

3. AECAPELIN-1's Political Background: While in Munich from 1947 to the present, AECAPELIN-1 was extremely knowledgeable on the Munich Ukrainian emigration due to the fact that he was a former OUN member, a Greek-Catholic priest and a friend of many of the top leaders of the various Ukrainian emigre organizations.

**SECRET**

**SECRET**

- 6 -

Subject's political background can be summarized as follows: He was a member of the OUN (Organization of Ukrainian Nationalists) in Poland from 1929 to 1945. From September 1945 to April 1947 Subject also served as a representative of the AEN (Anti-Bolshevik Block of Nations) in Salzburg and the Tyrol. Since 1945 Subject has been in close contact with the Zch/OUN (Foreign Section of the Organization of Ukrainian Nationalists) also known as the OUN/BANDERA and led by Stefan Bandera, and for some time (1947 to October 1948) he served as the head of the counter-intelligence section of the Zch/OUN's Sluzhba Bezpeka (Security Service). Following the Mitterwald Conference in August 1948 (where the OUN/B expelled the members of the Foreign Representation of the Ukrainian Supreme Liberation Council (ZP/UHVR) and others), Subject left the Zch/OUN and the SB. However, he has continued to maintain private contacts with both groups up to the present time and is especially close to Ivan KASHUBA, the present head of the OUN/SB.

Because of this background, Subject has proved very useful in providing background information on individuals in both the above organizations especially during the time from 1950 to 1955 when this organization was conducting joint FI operations with the ZP/UHVR. (Please see Attachment A, for a list of cryptonyms utilized in our operational contacts with the above Ukrainian emigre organizations.

However, it should not be assumed that AECAPELIN-1's reporting was limited to the above-mentioned organizations. He proved to be a valuable source on many other Ukrainian organizations such as the URDP/Right and URDP/Left; UN Rada, AEN, LAONSS, and various Ukrainian Socialist and Rightist groups. It is impossible to summarize his extensive contacts and only a thorough study of the 12 volumes of the AERATH Operations File will provide an accurate picture of the extent of his contacts among the emigration.

4. AECAPELIN-1's Tangled Marital Status: In 1954 it was discovered by Munich Station that AECAPELIN-1 and Irene nee Bihus had been living as husband and wife since 1945 when in fact they had never been married. This came about when AECAPELIN-1's legal wife came from East Germany to Munich in July 1954. The facts on this tangled marital situation are as follows:

- a) AECAPELIN-1 married Marianna Elizabeth MOSKVA in November 1936 in Lvov, Ukraine. In 1937, AECAPELIN-1 was arrested by the Polish Police and sentenced to 12 years imprisonment for his activities in the OUN. During this time Subject's wife was unfaithful to him and he wrote to her giving her a free hand in a divorce. She did not take advantage of the offer.

In September 1939, AECAPELIN-1 was released from prison during the German attack on Poland. In early 1940 he again met his wife and they were reunited to avoid a public scandal. In June 1941 Subject was sent to the front lines and his wife again took up with another lover. In 1944 she fled with a German officer to Slovakia and later to Vienna. From mid 1944 until her appearance in Munich in July 1954, AECAPELIN-1 had no contact or news from her.

**SECRET**

**SECRET**

- 7 -

In the meantime, ACAPELIN-1 began working with the Germany Abwehr in Krakow and a Irene Yaroslavna BIHUS was appointed as his assistant by the Germans. The two were entrusted with housing of captured Russian agents and watching over their wireless communication. Lest the Russian Agents become suspicious, the Germans ordered the two to pretend to be a married couple. With this end in mind, BIHUS was furnished with false documents made in ACAPELIN-1's name though the two had never contracted a marriage.

In the middle of April 1945, the two were sent on a mission to Austria by the Germans. They registered with the authorities as husband and wife and after Germany's collapse ACAPELIN-1 received an Austrian Kennkarte. When he was transferred to Munich in 1947, the couple received German documents on the basis of registration with the police. The first falsification of documents took place in Munich in 1940, when ACAPELIN-1 presented IRO with a false marriage certificate in regard to an alleged marriage in Krakow. Later, a copy of this false marriage certificate was given to the German police in Munich during October 1952, when a Reiseausweis was issued to Irene.

- 1950
- b) The matter was resolved by having ACAPELIN-1 and BIHUS go to the German court and clarify their relationship. This was done on 27 July 1954 and ACAPELIN-1's marital status was changed in the Munich Registration Office. On 31 December 1954, ACAPELIN-1 and his legal wife Marianna nee MOSEVA were divorced by German court. ACAPELIN-1 was now rid of both women.
  - c) On 3 April 1956, Irene BIHUS emigrated to Canada where she established herself in the cosmetics business with the help of \$1500 from ACAPELIN-1. In October 1956, ACAPELIN-1's divorced wife emigrated to the United States. ACAPELIN-1 now has no further obligations to either woman.

##### 5. ACAPELIN-1's Headquarter's Escrow Account

Included as Attachment B to this memorandum is a complete breakdown of ACAPELIN-1's Headquarter's Escrow Account. This includes all deposits and withdrawals from 1953 until 31 March 1959. The total amount in subject's escrow account, as of 31 March 1959, is \$7445.05.

b) Headquarters Case Officers:

It is difficult to estimate the exact dates in which the following case officers handled the project. In any event the approximate succession was as follows: [ ] [ ] [ ] [ ]

7. Security Considerations: There were obvious security implications inherent in the fact that in Munich both the RIS and UPSWING were aware to varying degrees of AECAPELIN-1's activities for the AIS. However, this did not appear to lessen AECAPELIN-1's operational effectiveness in Munich and should even have less effect on his activities in Paris. Following is a field comment on this matter:

- a) KIS interest in ACAPELIN-1: Para 2a of EGMA-31939 dated 6 Feb 1958 reads as follows: "We have always gone on the assumption that the RIS must know or assume that ACAPELIN has AIS support. If proof were needed, it was provided in the form of RIS comments to [redacted] during the latter's recent visit to the USSR. [redacted] as advised that ACAPELIN-1 was without doubt an American agent and that although [redacted] should not alter his existing relationship with ACAPELIN-1, we should exercise an appropriate amount of caution in dealing with him. We were at the time, and are still, mildly perplexed that the RIS did not interrogate [redacted] more vigorously concerning the full details of his relationship with ACAPELIN-1. However, one reason may be that the RIS feels that ACAPELIN-1 is a hopeless case in terms of any operational exploitation and that the best they can do is alert those who need to be alerted to ACAPELIN-1's true status. ...If the RIS ever should make an approach to ACAPELIN-1, which seems unlikely, we have no doubt that he would handle the approach in a professional and loyal manner."

b) CAPELIN-1's Relations with UPSWING: Following is Paragraph 2b of EGMA-31939 in regards to this matter: "As regards the UPSWING involvement, ACAPELIN-1's KUBARK ties were known to UPSWING at least as early as 1950. (See EGLA-13088, dtd 15 March 1955). In addition, it must be assumed that UPSWING received further confirmation of the extent of ACAPELIN-1's commitment to KUBARK as a result of

- 9 -

the misrouted pouch. (EGMA-25832, dated 10 April 1957). There seems to be little doubt that UPSWING is and will remain content to use ACAPELIN-1 on a casual basis, by our leave as it were, as has been the case in the past. We believe UPSWING is aware of the fact that ACAPELIN-1 has had a long and close relationship with KUBARK, presumably would assume that ACAPELIN-1 knows where his real future lies, and doubt very much that UPSWING would try to warm up their present contact with ACAPELIN-1 to any great extent, if for no other reason than the fact that they must assume that ACAPELIN-1 reports on his dealings with UPSWING to KUBARK. From our point of view, we also are convinced that if UPSWING should try to get any closer to ACAPELIN-1, he would report the fact, without fail, for the reasons noted above as well as several others..."

The undersigned does not know whether ACAPELIN-1 will be able to make a clean break with UPSWING at this time though it appears that this probably will be possible. We have requested the field case officer to give us a full report of ACAPELIN-1's resolution of his UPSWING relationship, prior to his transfer to Paris. Even if UPSWING refused to drop all contact with ACAPELIN-1, this would not necessarily be detrimental. In fact, it might provide us with a valuable picture of UPSWING's interests and EEI's in Paris.

- c) ACAPELIN-1's Relationship with the AECAVATINA's: As mentioned before, ACAPELIN-1 has been in contact with top Ukrainian emigre leaders throughout his tour in Munich. His relations with the AECAVATINA's and especially AECAVATINA-12 need further explanation in view of the latter's offer to make ACAPELIN-1 his representative in France.

Headquarters files do not reflect the full details on the extent of ACAPELIN-1's relationship with the AECAVATINA's from an operational standpoint. It appears that this relationship is based primarily on friendship and on the fact that AECAVATINA-12 is aware that ACAPELIN-1 has had extensive experience in the intelligence field, and can be called upon for advice on operational matters.

We have requested the field case officer to provide us with further information on this relationship and to report the details of ACAPELIN-1's final resolution of his relationship with AECAVATINA-12.
